Fullstack Web Developer

I am passionate about technology and web development, with strong skills in HTML, CSS, JavaScript, and other Front-end technologies. I also have basic knowledge of Back-end development. I am willing to work hard and learn everything I can to succeed in any position at the company. I consider myself a dedicated and committed self-taught person, and I am confident that my skills and attitudes make me an excellent candidate for any job opportunity. Additionally, I am an excellent team player and always willing to help my colleagues.
